Experience

Career Break
12/2024 - 08/2025

I took a dedicated period of time to **prioritize my physical and mental well-being**, re-engage with my family, and explore personal growth outside my career.

Cadana — https://cadanapay.com/
Remote

Lead engineer (Full-Time)
06/2021 - 12/2024

- **Optimized AWS usage**, cutting costs by **30%** through **DynamoDB** and **architecture improvements.**
- **Developed and implemented a custom business testing framework** standardized across **30+ microservices.**
- **Mentored junior engineers** and ensured alignment between technical initiatives and business goals through stakeholder collaboration.
- **Built and launched a virtual card product** with **AML-focused rules**, enhancing **fraud prevention** and **customer fund security.**
- **Delivered an end-to-end Web3 U.S. equity investment product**, expanding the company's fintech capabilities.

Esusu — https://esusurent.com/
Remote

Software Engineer (Full-Time)
05/2020 - 06/2021

- **Automated rent data ingestion** from **4 real estate platform integrations**, streamlining monthly reporting.
- **Developed internal messaging platform** to improve customer communications and campaigns.
- **Built an MVP admin UI**, reducing operations' reliance on developers.
- **Hardened platform resiliency** with retry flows and optimized MongoDB cluster usage.

Somos Sistemas — https://somossistemas.com/
Nueva Esparta, Venezuela

Project Manager (Part-Time)
02/2020 - 08/2020

- **Managed Trello/Jira boards** and configured core hosting rules, streamlining operations and **ensuring product performance**.
- **Directed cloud migration** from on-premises to cloud hosting, improving scalability, reliability, and maintenance.
- **Led the team to design and implement a CRM** extension of the **ERP product in 2 months**, enabling organization-wide business intelligence and accelerating data-driven decision-making.
